

ILLINOIS SWIMMING
SENIOR VICE – CHAIR REPORT
BOD / February 11, 2009

Club Assistance Program: Between Senior and Junior Nationals \$9,900 has been paid out for 2008. \$500 has been out to teams for preparatory meets.

Senior Championships: Lake Forest is on track to host a great championship. Currently I've been working on restoring records for the meet and should have a finish file by early next week. Dan Johnson and Jon Cable have been a great help.

Long Course Training Program: There has been one Sunday (November) in which ten athletes attended. All other weekends have been cancelled due to lack of interest and no coach volunteers. The program will resume in April. Going forward I would recommend running the program in the Spring only.

Spring HOD: In the last two weeks I have tried to get in contact with Mark Shubert to finalize details. He has yet to respond. I remain confident in Mark attending based on past conversations.
